Admin Dashboard

The main dashboard consist of two sections: Current Events, and Past Events.

Current Events show events that have been imported and ready to go live.

Past Events can be sorted by name or date by clicking on the down arrow.

Edit Event Page (Next Slide)

This screenshot shows the 'Edit Event Page' interface. At the top, there's a header with 'Google Events', 'Dashboard', and 'My Account'. Below that is a 'Current Events' section with a table showing five events (Event A-E) with columns for Name, Organizer, Last Edited, Reimport, Share, Edit, and Archive. An arrow points from the 'Edit' button for Event E to the 'Edit Event Page' slide. The 'Past Events' section follows, also with a table for Event A-E, where the 'Edit' button for Event E is highlighted with a blue box. At the bottom right of the page is a 'Show More' button.

NAME	ORGANIZER	LAST EDITED	Reimport	Share	Edit	Archive
Event A	Name	07/01/2019				
Event B	Name	07/01/2019				
Event C	Name	07/01/2019				
Event D	Name	07/01/2019				
Event E	Name	07/01/2019			Edit	

This screenshot shows the 'Import Event from DefJam' feature. At the top, there's a header with 'Google Events', 'Dashboard', and 'My Account'. Below that is a 'Current Events' section with a table showing five events (Event A-E). An arrow points from the 'Edit' button for Event E to the 'Edit Event Page' slide. The 'Past Events' section follows, also with a table for Event A-E, where the 'Edit' button for Event E is highlighted with a blue box. At the bottom right of the page is a 'Show More' button.

NAME	ORGANIZER	DATE
Event A	Name	07/01/2019
Event B	Name	07/01/2019
Event C	Name	07/01/2019
Event D	Name	07/01/2019
Event E	Name	07/01/2019

Event Edit

Key features:

- Create poll
- Assign color tag
- Activate question

Popup Overlay
(Next Slide)

The screenshot shows the Google Events interface for editing an event. At the top, there's a navigation bar with the Google logo, a back arrow, and a title 'Event Name'. On the right are buttons for 'Import Sheets' (highlighted with a blue box and an upward arrow), 'Save', and 'Save & Upload'. Below the title, there are two sections labeled 'Track A' and 'Track B'. Each track has a color indicator (red for Track A, yellow for Track B), a dropdown menu, and a 'Activate Questions' switch. A 'Create Poll' button is located at the bottom of each track section. Under each track, there are sessions: 'Session 01' with two poll questions, 'Session 02' with one question, and 'Session 03' with one question.

During Event

Event Live View

After selecting an event, the admin is taken to the Session page where they can select which Session to enter and activate questions and polls.

The admin will automatically land on the first session of the Event considering that the admin will not exit the event frequently.

They can navigate between Tracks and Sessions via the drop-down at the top bar.

The screenshot shows the 'Event Live View' interface. At the top, there is a back button, an 'Event Name' field, a 'Home' button, an 'Export' button, and a settings icon. Below this, there are two sections: 'Track A' and 'Track B'. Each section has a dropdown menu, an 'Activate Questions' toggle switch (which is green), and a table of sessions. The tables have columns for 'Sessions', 'Speakers', and 'Time'. In 'Track A', there are three sessions: Session 01 (John Doe, 10:00 - 10:35), Session 02 (John Doe, 10:40 - 11:20), and Session 03 (John Doe, 11:25 - 12:00). In 'Track B', there are also three sessions: Session 01 (John Doe, 10:00 - 10:35), Session 02 (John Doe, 10:40 - 11:20), and Session 03 (John Doe, 11:25 - 12:00).

Sessions	Speakers	Time
Session 01	John Doe	10:00 - 10:35
Session 02	John Doe	10:40 - 11:20
Session 03	John Doe	11:25 - 12:00

Sessions	Speakers	Time
Session 01	John Doe	10:00 - 10:35
Session 02	John Doe	10:40 - 11:20
Session 03	John Doe	11:25 - 12:00

Moderate Questions

The screenshot shows a moderation interface for a session named "Track A - Session 01". The interface is divided into two main sections: "Incoming" questions and a list of questions.

Incoming Questions:

- When's the new Google Pixel coming out?** (30s)
Moderation status: Approved (green checkmark) and Rejected (red X). This question is currently live.
- How much does it cost to bring the company website to the top of Google Search?** (1m)
Moderation status: Approved (green checkmark) and Rejected (red X). This question is currently live.

Archived Questions:

- This is a question?** (9 upvotes)
Moderation status: Approved (green checkmark), Archived (blue checkmark), and Shared (blue checkmark). This question was asked by an anonymous user on 4 July, 11:00am.
- This is a question?** (9 upvotes)
Moderation status: Approved (green checkmark), Archived (blue checkmark), and Shared (blue checkmark). This question was asked by an anonymous user on 4 July, 11:00am.

At the top right, there are buttons for "Present" and "Settings". Below the moderation section, there are tabs for "Questions" and "Polls".

Activate Polls

The screenshot shows a digital interface for managing polls during an event session. At the top, the event name is displayed as "Track A - Session 01" with a red dot indicator. There are buttons for "Present" and settings. Below this, there are tabs for "Questions" and "Polls", with "Polls" currently selected.

The left side of the interface displays a "List" of polls. It includes a "Multiple Choice" poll titled "Have you used YouTube Ads before?" with 16 votes, and an "Open Text" poll with the same title and 16 votes. Each poll entry has a "Create Poll" button (red square with a white plus sign) and a "More Options" button (blue circle with three dots).

The right side displays the "Results" for the first poll. It shows two categories: "Yes" and "No". The "Yes" category has 85% of the votes, represented by a long grey progress bar. The "No" category has 15% of the votes, represented by a shorter grey progress bar. The total number of votes is 16.

Settings - Share Access

The screenshot shows a modal window titled "Share Admin Access" over a dark background. At the top right of the modal are a "Present" button and a gear icon. The top center displays the "Event Name" as "Track A - Session 01". On the left side of the modal, there is a sidebar with three options: "Event Settings" (selected), "Share Access" (highlighted in blue), and "Features". The main content area is titled "Share Admin Access" and contains two sections: "Link to share" with a URL "https://event.google.com" and a "Copy" button, and "Invite people" with a text input field placeholder "Enter names or email addresses". At the bottom right of the modal is a green "Save" button.

Export Data

Admins can activate Feedback and download them once received.

They can also export the data from the event to Google sheets

The screenshot shows a user interface for managing event data. At the top, there's a navigation bar with 'Event Name' (placeholder 'Event'), 'Home', 'Export', and a settings icon. Below this, on the left, is a section titled 'Feedbacks' with a green 'Activate' switch turned on. It lists three entries: 'Customer Name' received '1m ago'. On the right, there are several export options: 'Export to Google' (disabled), 'Export All', 'Questions' (disabled), 'Export', 'Poll Results' (disabled), 'Export', 'Sales Data' (disabled), 'Export', and 'Takeaway' (disabled). A 'Download All' button is at the bottom.
